LYNCHBURG (Va.), July 2.—[By the Associated Press.]—A fatal accident at which several lives were lost and a large number of people were injured, occurred this morning, one mile above Flaxton's Switch and 31 miles above this city. Rain had been falling almost continuously for 24 hours, swelling the mountain streams greatly beyond their normal state. Several trains had passed over here during the night, and it was thought the line was safe for traffic, notwithstanding the rain, as that no danger need be apprehended. At the place of the accident, however, we had undermined the roadbed and caused a washout about 50 feet long and 50 feet wide. The water at this point was high and noisy. A loaded freight train, which made a frightful leap, while running at a rate of 40 miles an hour, carrying with

The catastrophe. Debris was thrown about in all directions, and the explosion, injuring some of those on the boat by flying fragments and scattering the flames, with the exception of the terror-stricken passengers. It is supposed that some of the passengers were unable to escape because they were sitting in the seats which were consumed in the flames. It is possible to state the number of persons who were killed, but it was not possible to place it at between 35 and 30. The number of wounded will be far in excess of that killed. It is probable that the wounded have been taken to Roanoke, to Burowsville and 50 to Liberty.

John Thompson of Augusta county was killed and Mrs. Thompson herself is known to be badly hurt.

Donovan, the engineer with his wife and man, was scalded and burned to death.

Train Dispatcher Lipsey was also burned to death.

It is probable that the others who lost their lives were J. J. Rose, postal clerk, and John

C. Stead and wife, and two children of the passenger on the train whose name can be learned. Stead was an English

W. A. Caswell, superintendent of the Lynchburg division of the Norfolk and Western, was on the train when the injury occurred. He was also Baggage Master F. and Capt. Johnson, who was in charge of the train.

J. B. Summers, postal clerk, was badly bruised, but fortunately escaped the fatal injury.

There was no telegraphic communication nearer the wreck than Liberty, and it had to get information from there, as Norfolk and Western refused to permit reporters to go on the train which went to the relief train was made up at Lynchburg late in the afternoon to go to the scene of the wreck. PASADENA NEWS.

THE CITY COUNCIL AND BOARD OF TRADE.

A \$1500 Retainer Fee—It is a Go—Developing the Water Supply—Here and There—Interesting Local Happenings—Personal Gossip.

PASADENA, July 2.—[Correspondence of THE TIMES.] The City Board of Trustees met in adjourned session at 8 o'clock this afternoon, all the members excepting Townsend being present.

The minutes of the last regular meeting were read and approved. On motion of McLean the Clerk was instructed to advertise for the purchase of a hose cart and hose, payment to be made in municipal improvement bonds.

The bill of Mitchell & Haynes of \$1500 for retainer fees in the sewer muddle, was read and referred to the Committee on Auditing and Finance, by whom it was afterward approved.

The matter of furnishing posts for the free delivery boxes was left in the hands of the committee with power to act.

Chairman Young of the Finance Committee reported the purchase of the Dettler case for \$215.

The bill of J. S. Mills for furnishing brick and sand for sewer work to the amount of \$524.94, assigned to Hoolahan & Griffith, was reported upon correctly and ordered paid.

The communication of P. A. Van Doren, resigning the office of City Recorder, was read and referred to the Judiciary Committee. It was accompanied by a document of explanation.

The question of the appointment of an engineer for the new steam engine was now taken up, and the applications of H. H. Hillier and George L. Sanborn were read. On motion the matter was referred to the Committee of the Whole.

On motion adjourned to meet as a Committee of the Whole on Friday afternoon.

BOARD OF TRADE.

The Board of Trade met in regular monthly session at 8:30 o'clock this afternoon.

There was a large attendance, and President Masters occupied the chair. The committee on relief for the Johnsonville sufferers submitted a final report and was discharged.

Chairman Buchanan of the same committee recited to the board what had already been done by his committee in the way of organizing a permanent local board of charity. As a nucleus for starting such a project he showed \$150 on hand.

Enoch Knight, secretary of the Board of Trade, has been instructed by that body to communicate with parties competent to give information on the practical methods of developing, storing and distributing the water of the mountains for use in the arid valley. The information will be embodied in a report to be submitted to the Congressional Committee on the Irrigation of Arid Lands.

IT IS A GO.

Campbell Johnson and J. W. Scott met at the Board of Supervisors yesterday, and were given the assurance that the boulevard would be built. It will cross the Soledad bridge, reaching this city at the head of West Colorado street. Where is Los Pasadena?

NUPTIALS.

E. I. Ames, the artist, will be joined in holy wedlock to Miss Pauline Wright tomorrow afternoon at 5 o'clock. The interesting ceremony will be performed by Rev. P. F. Bresee, pastor of the Methodist Church, of which the young couple are members, at the residence of the bride's parents on Mountain street. Miss Wright is the daughter of Amos Wright, and is a successful teacher in the Wilson grammar school. The groom is an artist of more than local notoriety, and has a host of friends, whose best wishes go with him and his new bride. The pair leave in the evening to spend the Fourth at Los Angeles, after which they go to Santa Barbara to spend their honeymoon.

LOCAL HAPPENINGS.

The overland arrived on time today, dropping off six passengers for this city.

The Committee of the Whole of the Council meets on Friday afternoon on important business.

Those wishing to attend the Fourth of July parade and exercises at Los Angeles, or the theater, can return to this city at 11:40 o'clock in the evening of that day.

The word "Beebe" is posted around in various places is a conundrum which puzzles the many. It's a scheme. The school trustees decided the fate of Principal Garwood by a unanimous vote. It was only a question of qualifications, and not unpleasant feelings, as has been reported on the streets. The amendment is so ordered.

KIND WORDS.

Prof. E. T. Pierce departs for his new field of labor at the Chico Normal School today, and in mentioning this fact it gives us a pleasure to speak unreservedly, and from a knowledge gathered through an intimacy of six years, of Mr. Pierce's standing as a gentleman and educator. Coming here as he did, when the school system of Pasadena consisted of a single building, with a pupillage requiring only the attention of Mr. Pierce and his excellent and esteemed wife, this system has now grown so large that it embraces five buildings, employing 36 teachers, and has on its rolls nearly 1500 pupils. Under Mr. Pierce's able management the schools of Pasadena are now recognized as being the most perfect in their system of scholarship and discipline of any in the country, or Southern California in fact. And believing this true, and feeling that Mr. Pierce has earned this praise, we accept the opportunity of stating it just as we feel it. We trust that the new environments which will surround him will be found both pleasant and profitable, and that the estimation in which he is held in Pasadena, and Los Angeles county, will be an agreeable recollection for all future.

FIRE AND WORK.

The case necessary trial comes up to-morrow morning before Justice King at Garvanza.

Recorder Van Doren has resigned, pending a salary be attached to the office.

The directors of the toll road up Eaton Canyon to Mt. Wilson certainly mean business. There's millions in it.

The Union and the Salvation Army are now in line for a fight with words and drums.

Old Jack Proddy is booked to appear at the Grand Opera-house on Friday evening.

A Fourth of July entertainment was

held in Calvary Presbyterian Church on Columbia street.

CONDENSED LOCALS.

W. A. Heiss of the firm of Buchanan & Heiss, real-estate dealers, united his hand and fortune this morning with Miss Bell Van Camp. The bridal pair have gone to Santa Barbara. Both bride and groom were formerly of Indianapolis.

The local military company held a meeting in the City Hall last evening, and decided to take the necessary steps to organize. A committee was appointed to look up a hall. Another meeting will be held in the near future.

PERSONAL.

F. D. Swartwout arrived this afternoon from Mt. Pleasant, Iowa.

Mrs. A. B. Manahan, Miss Waterman, her sister, and son Rolfe, leave on Thursday for a trip east.

W. E. Arthur, Esq., and wife leave tomorrow for a few days' vacation to Mt. Wilson.

Mrs. W. B. Ray left this afternoon to spend two months at Santa Monica. Mrs. W. Robinson left this afternoon to join her husband at Tacoma.

Bayard F. Smith of Los Angeles was in the city today on business.

E. R. Hull of Cleveland, O., is back at his winter home in this city.

R. Mansfield and wife arrived in town today from Memphis, Tenn.

Miss Winnie Caldwell left this afternoon on an extended vacation to Santa Monica.

Attorney Mitchell of the Angel City was in town today on legal business.

Prof. E. F. Pierce left today for Chico, where he has accepted the principalship of the Normal School at that place.

SANTA MONICA.

Latest News from the Surf City—The Clark-Claudius Case.

SANTA MONICA, July 2.—[Correspondence of THE TIMES.] The citizens here were very much astonished when they read in the Associated Press dispatches this morning that Mrs. James Claudius had been arrested at Chicago.

The lady in question has resided here with her husband for some time past, and only left a few weeks ago for a trip through the East. It is considered absurd that she should have been charged with such a petty offense as stealing a pair of stockings, for she is quite wealthy. She and her husband own the handsome cottage on Ocean avenue, in which Maj. Kimball now resides, and they are also the possessors of two fine houses on Ellis avenue, Los Angeles.

The Town Trustees last night decided to make application to the Board of Supervisors of Los Angeles for the opening up of the Calhoun Pass road, and a petition to that effect will be forwarded in a day or two. It was also decided to beautify Ocean avenue, by making a park there and by placing seats in the leafy grove on the bluff.

The city's finances are in a healthy condition, for the Town Treasurer reported a balance in the general fund of \$1450.80.

It is not generally known that deer are plentiful in the hills to the north of town, but in what is known as the Malibu district, about twenty miles out, there is a regular stamping ground for the antlered game. Court Scott and Jackson, who are well known here, have been hunting deer for some time, and have secured a fine specimen of the animal.

The skeleton of a whale was washed up on the beach this morning, coming ashore in five or six sections, one of which is 20 feet long. The teachers have taken possession of the prize and are arranging up the remains into serviceable relics, such as chair seats.

There was a large attendance at Steere's Opera-house last night to hear Mrs. Parker, of the W.T.U., lecture on celebrities. Her efforts were very entertaining.

NOTES AND PERSONALS.

Charles McCrea of the Land Office came down last night for the summer. About 25 business Angeles make the trip to town daily, going up on the first morning train and returning late at night.

J. Walton, the Southern Pacific's Yosemite agent, is permanently located here for the season.

The Acadia dances are to be given every Wednesday and Saturday throughout the season. There will be a big attendance at the initial hop this week.

Among the arrivals at the Acadia today are Mr. and Mrs. J. E. Plater, Maj. B. Stern, Mrs. R. B. Treat and Miss C. E. Huntley of Los Angeles; J. M. Whyte of Oakland, and James Harvey of Pomona.

NAUTICAL.

How the Fourth Will be Observed at San Pedro.

There will be a big time in San Pedro tomorrow. The boat men have arranged for several races which ought to be very exciting. The programme is as follows:

First—A double scull race for a purse of \$10.

Second—A single scull race for boys not over 10 years of age for a purse of \$5.

Third—A four-oared race for a purse of \$10.

Fourth—A single scull race for a purse of \$10.

Fifth—A tug race for a purse of \$10.

Sixth—A yacht race for a purse of \$50. Three entries for this race have been made, and it is expected that other yachts will be entered.

Seventh—A swimming race for a purse of \$5.

The scull races will be in front of the town and the tug races will be to a stake boat Deadman's Island and return.

A FIELD FIRE.

That Made Lamanda Park Turn Out and Work.

A passing engine set a grain field on fire at Lamanda Park yesterday, and for a while it looked as if the whole country would be swept. All of the neighbors turned out and for several hours they worked like beavers with wet sacks and blankets, and by 4 o'clock they had the fire under control. These field fires do a great deal of damage at this season of the year, and engineers cannot be too careful.

Articles Signed.

Articles of agreement were signed yesterday evening by Billy Mahan and George Mulholland, who lately fought an 87-round draw in San Francisco, to fight to a finish, Marquis of Queensberry rules, at the Southern California Athletic Club for a purse of \$650. The fight is to take place at the rooms of that club on the 31st of this month, and both men will be at once going active training.

SAN BERNARDINO.

GETTING AFTER "IRREGULAR PRACTITIONERS."

The Semi-Tropic Litigation Depreciated as It Will Retard Settlement—Dissatisfaction About Insane Asylum Movements.

SAN BERNARDINO, July 1.—[Correspondence of THE TIMES.] At recent meeting of the San Bernardino county Medical Society, a committee was appointed to look into the question of non-license physicians in the county, commonly known as "illegal practitioners" of medicine. The committee has prepared a list of them and handed it to the District Attorney, who informs me that he intends to give a written notice to each one, so designing, calling his attention to the provisions of the law relating to the subject and warning all to comply with the same or they will be prosecuted. The fourth annual edition of the official register of physicians and surgeons of the State was received. There are two each at San Bernardino, Colton and Ontario; one at Redlands, one at Daguerre, and one at Banning. The law in the premises is very explicit, and imposes pretty heavy penalties. Section 1 of the Amended Act of April 1, 1878, reads as follows: "Every person in this State practicing medicine or surgery in any of its departments shall possess the qualifications required by this act. Every such person shall present his diploma to one of the boards of examiners herein named, together with the affidavit mentioned in section 2 of this act. If the board shall find all the facts required to be stated in a great truth to be true, the board of examiners shall issue its certificate to that effect, signed by all the members thereof, and sealed with the seal of the board, and such certificate shall be conclusive as to the right of the person named to practice medicine and surgery in any part of this State."

Section 13 says: "Any person practicing medicine and surgery in this State without complying with the provisions of this act shall be punished by a fine of not less than \$50 nor more than \$500, or by imprisonment in the County Jail for a period of not less than 30 days nor more than 90 days, or both such fine and imprisonment for each and every offense."

About three years ago the Superior Court of this county, Judge Gibson presiding, passed upon this statute in the case of "M. D. Kellogg," a tapper-worm dealer, who was arrested in this town, but on information being filed against him, and a pretty stiff defense made in his behalf, he was released to the tune of \$800, and after leading his team and carriage, in order to obtain security and stay of execution, he skipped the country, and has not been heard of since.

Court Scott and Jackson, who are well known here, have been hunting deer for some time, and have secured a fine specimen of the animal.

Two Important Decisions Affecting Riparian Rights Rendered by California's Supreme Court—Coast Notes.

By Telegram to The Times.
CARSON (Nev.), July 2.—Early this morning a fire was discovered in the rear of the Corbett House restaurant, and the block being composed of frame buildings the flames spread rapidly, destroying almost the entire block.

The principal loss is Mrs. Dan O. Corbett, whose loss on buildings will reach \$12,000; insurance \$4000. The loss on the restaurant fixtures is \$2500. D. Corbett, a lively stable keeper, lost about \$3000 in hay and grain. M. Grossman, drygoods and notions, lost \$7000.

There were a number of other smaller losses aggregating \$1500. The fire is supposed to have been started by a tramp.

RIPARIAN RIGHTS.

Two Important Decisions by the Supreme Court.

SAN FRANCISCO, July 2.—[By the Associated Press.] The Supreme Court of California has rendered two decisions affecting the rights of riparian owners. One is the case of James Sellick against Paragon and Hier. Sellick owned land bordering on a natural stream. He went above his land on Government property and put a dam in the stream, diverting the water by means of a ditch to high parts of his own land. Subsequently defendants acquired land from the Government bordering on the stream above Sellick's dam, and also built irrigating ditches. Plaintiff commenced suit to quiet title to the full flow of the stream down to the head of his ditch. He claimed that whatever title defendants had to the water was subject and subsequent to his (Sellick's) appropriation. He won his case in the lower court and the Supreme Court affirms the decision.

In the case of Jacob McKissick against P. F. Encey, the Supreme Court reverses the decision of the lower court, and remands the case. This was an appeal from a judgment enjoining defendant from interfering with a dam by means of which the plaintiff diverted water from a stream which flows through the defendant's land. The court found that McKissick merely let the water run to waste, while defendant used it for irrigation.

A GOOD SCHEME.

Southern Pacific Will Use Wash.

SAN FRANCISCO, July 2.—[By the Associated Press.] Col. C. F. Crocker, vice-president of the Southern Pacific Company, who has returned from Vancouver, has announced the completion of arrangements for the future coal supply of the entire Southern Pacific system. Henceforth all coal used here by the railroad will be mined at Vancouver by the company and brought here in their steam colliers.

One of the important features of this plan is the fact that the coal business at Vancouver on this trip was almost exclusively for the purpose of looking after the development of our coal mines there, and I arranged to supply all of our engines and ships. Since the Mt. Diablo coal mine closed down nearly all the coal used in this State has been imported from Australia and England. The sum that the Southern Pacific Company also has sent out of the country for coal has been enormous. Hereafter that money will be kept in our hands.

UNIVERSITY REGENTS.

Some Important Appointments Made—Other Business.

SAN FRANCISCO, July 2.—[By the Associated Press.] The Board of Regents of the University of California met this afternoon. Charles Gately of Ann Arbor, Mich., was appointed to the chair of English Literature in the university, vice Prof. Cook, resigned. George Richardson of Harvard was elected instructor in Latin, at \$1800 a year, vice Prof. Deumer, resigned.

President Davis stated that the appointment would do much to raise the standard of education, but another instructor in English was much needed. He recommended F. G. Hubbard, a graduate of Williams College. The name was referred to a special committee with power to select. The Committee on Appointments reported a number of appointments, including W. G. Kiehl, as assistant in Botany, and F. Booth as assistant in mining and metallurgy. A number of bills were audited and ordered paid.

THE OSTRICH FARM LINE.

Report of the Road for Its First Six Months.

SAN FRANCISCO, July 2.—[By the Associated Press.] The Los Angeles and Pacific Railway Company has sent in its annual report to the Railroad Commissioners. The company was organized September, 1888, and is the result of a combination of three companies. E. E. Hall is the president and there are six other directors. The capital stock is \$3,100,000, of which \$178,500 is outstanding. For improvements in the shape of construction and equipments \$89,281 were spent. The gross earnings from operating the road were \$1,627, a loss of \$3018 being thereby incurred. The road runs from Los Angeles to the Ostrich Farm and thence to a distance of 33 miles, and has only been in operation for six months.

THE CHAUTAUQUANS.

Their Summer Gathering at Pacific Grove.

PACIFIC GROVE, July 2.—[By the Associated Press.] At this afternoon's session of the Chautauqua Literary and Scientific Circle of the Pacific Coast, President Hirst of the University of the Pacific at San Jose delivered an interesting address.

The second summer convention of the California Teachers' Association closed with the election of Ira More of Los Angeles as president; D. O. Clark of Santa Cruz, C. H. Murphy of Visalia, E. T. Pierce of Pasadena and M. Babcock of San Francisco, as vice-presidents; Miss Mary Morrison of San Francisco as secretary. The Committee on Summer Session includes C. W. Childs of San Jose.

A MADMAN'S ACT.

He Commits Suicide After Telling an Incredible Story.

TUSCON (Ariz.), July 2.—[By the Associated Press.] Pablo Baboe, who claimed to have been attacked and robbed by Mexican bandits a few days ago, outside of the city, today committed suicide by shooting himself in the mouth. He left a letter for the District Attorney, requesting all he had said in charging Rencio Flores with having committed the deed. He said he could not remember anything he did that night. The general supposition is that he was delirious from the effects of drink. He shot his own horse thinking some one was attacking him.

STENZ'S DEATH.

The Attending Physician Exonerated by the Coroner's Jury.
SAN BERNARDINO, July 2.—[Special.] The coroner's inquest in the case of L. Stenz, who died here on Sunday morning, took the testimony of physicians and witnesses today and returned a verdict that deceased came to his death as a result of the bursting of a blood vessel in the brain. The verdict completely exonerates Dr. Huff, the attending physician, from the imputation of malpractice in giving the patient an overdose of morphia.

BOLD THEFT.

One of the boldest thefts on record occurred Monday afternoon, the victim being the wife of a well-known city official. The lady in question came down town for the purpose of doing some shopping, and, while looking in a show window, a handsomely-dressed woman, accompanied by a man, came out behind her and pulled her hat pin out of her hair, when she and her escort walked rapidly away. The article was of little value, but looked like a costly jewel, so that the lady who was robbed did not have the thief arrested, although she saw her plainly. The thief is described as a rather tall woman, and the man with her was well dressed.

WASHINGTON.

THE PRESIDENT LEAVES FOR WOODSTOCK.

Provision Made for a Worthy Woman to Whom Cleveland Refused a Pension—New Signal Code Adopted, Etc.

By Telegram to The Times.
WASHINGTON, July 2.—[By the Associated Press.] The President and party left for Woodstock, Ct., to take part in H. C. Bowen's Fourth of July celebration, at 3:45 this afternoon.

Mrs. Harrison leaves tomorrow, accompanied by her father, Dr. Scott, and her two grandchildren for Deer Park, Md., where she will remain during the heated term. They will be joined at Deer Park by Mrs. McKee, the President's daughter. The President will visit them soon after his return from Woodstock.

New York, July 2.—President Harrison and party arrived at Jersey City tonight. It is their intention to leave for Putnam and Woodstock tomorrow morning.

WASHINGTON NOTES.

Secretary Noble Orders Strict Enforcement of Pension Rules.

WASHINGTON, July 3.—[By the Associated Press.] Secretary Noble has addressed a letter to Commissioner of Pensions Tanager, in which he calls the attention of that officer to the following regulation applicable to the Pension Bureau:

Order No. 108, January 8, 1885.—Owing to the pressure brought to bear from all quarters to take cases out of their regular order, and as at this date poverty and hardship to be caused by further delay can be relieved by almost every applicant alike, therefore cases will be taken out of their order only when such cause therefor is shown to the Commissioner in writing as would satisfy other worthy claimants whose claims precede them, should they know the facts, that such action is proper. Hereafter no case will be taken out of its order unless within this rule.

The letter of the Secretary continues: "It is hereby further ordered that this rule will be extended so as to embrace cases only where the applicant is in very great destitution or the point of death. This regulation will not only be strictly enforced, but attorneys, agents or others persisting in applications contrary to its language and spirit, will be summarily excluded from the Department. You will have this made public."

THE AMERICAN MORSE ADOPTED.

By a general order issued from Army Headquarters the American Morse code will hereafter be used by the army for all purposes of signaling, whether visual or acoustic, and the use of the English Morse or continental code will be discontinued. This action was taken upon the recommendation of the Chief Signal Officer, with a view to a simple and uniform system of signaling, and to ready employment and utilization in time of war of skilled civilian telegraphers for military purposes. Fewer errors are supposed to occur from the use of the English system, but it is slower than the American system, and its continuance would involve the employing of specially-trained experts, who could not be procured in sufficient numbers in an emergency.

YESTERDAY AFTERNOON "GRASS STATIONS."

The Pomological Division of the Agricultural Department, left Washington for Denison, Tex. There he will join Mr. Munson, and in company with him make a trip through Texas, New Mexico, Arizona and California as far as San Francisco, securing specimens of wild fruits, grasses and weeds, and will also make a trip to the Valley, with a view to determining the best method by which the Department of Agriculture may cooperate with the Territory in the management of grass stations to be established by the Territory at Las Cruces and Tucson.

MRS. DOUGHERTY PROVIDED FOR.

Secretary Rusk today appointed Mary Ann Dougherty to the station of laborer in the seed division of the Agricultural Department at a salary of \$1.50 a day. Mrs. Dougherty will be remembered as the subject of one of President Cleveland's pension vetoes, a case that attracted the attention of the entire country at the time.

THE SECRETARY OF THE TREASURY today issued warrants in payment of \$10,000,000 on account of pensions, being the first payment for the new fiscal year.

LETTERS TO THE TIMES.

An Alleged "Disgraceful Scene."

LOS ANGELES, July 2.—[To the Editor of THE TIMES.] A disgraceful scene occurred on Maple avenue, between Seventh and Eighth streets, yesterday (Sabbath) afternoon. A company of Sabbath desecrators were returning from the Pico Heights baseball grounds on board of a Maple avenue and Pico Heights street car. The car was packed full inside and upon the steps. Near Eighth street, the poor jaded horses ran out, and were taken off from out. The crowd on the car hooted and yelled like veritable savages, running the car by shoulder power for a block. Surely there was not a policeman in the ward, or the gang would have been arrested.

A "humane society" is evidently needed in this city to protect poor, dumb beasts from exhaustion by being made to draw overloaded street cars. I have lately moved into your city. Are such scenes common?

C. B. EBY.
[Did the "inhumanity" and "disgraceful" consist in the passengers pushing the car and thus relieving the overworked horses?—Ed.]

Fourth of July at E. Adam's. Fifteen-dollar dress suits for \$3.50. Go quick or you won't get one. A few more left. A real yourself at this opportunity. Sale only continues this week. Remember, No. 15 South Spring street. E. Adam, proprietor.

Davitt Denounces Irish Dynamiters.

He Admits That Clan-na-Gael Members Committed Murders.

The Pope Warned of a Coming European Struggle.

English Royal Scions Asking Parliament for Marriage Allowances—American Rifleman Again Wins—Notes.

By Telegram to The Times.

LONDON, July 2.—[By Cable and Associated Press.] Michael Davitt was examined before the Parnell Commission today, concerning proposals of John Devoy being submitted to Parnell. He said that Parnell had nothing to do with his visit to America in 1878. Witness had intended to make another visit to America on a lecturing tour to make money to help the agrarian movement.

Davitt stated that while in America he attended meetings of the Clan-na-Gael, at which he explained the objects of the Land League and tried to win the Clan-na-Gael to its support. The Clan-na-Gael, he said, included some of the best Irishmen in America, and was more a murder club than was the Gaelic Club of London. There was no alliance between the Clan-na-Gael and the Gaelic Club.

The league movement in America won the support of all Irish in America. To Parnell witness said he himself was opposed to the use of dynamite, because it was an immoral and unmanly style of warfare. He was not opposed to physical force if in resorting thereto there was reasonable chance of success.

Davitt said he had known Alexander Sullivan since 1878, and had the highest of his ability as a lawyer, his character as a citizen, his honor as a man. He did not believe him capable of any dishonorable act.

In reference to the Phoenix Park murders Davitt said: "Parnell came to me on the Sunday following the murders, and he was utterly broken down at the news. He said: 'Davitt, I shall send my resignation to Cork tonight. I refuse to stay in a movement when irresponsible men, of whom we know nothing, can come behind our backs and perpetrate such deeds.'"

"It took all my witness," said witness, "to dissuade him from resigning. We immediately had circulated throughout Ireland a manifesto condemning the murders. There was absolutely no ground for the suggestion that I or any of my colleagues were in any way privy to the crimes."

Davitt declared that he believed that outrages were due to the agitation of local agrarian bodies, composed principally of sons of tenant farmers.

Witness continuing said that in a letter which he wrote, he used the word "Pen," meaning revolver. He declined to say to whom the letter was addressed.

Davitt thereupon said the man to whom the letter was written had conceived a grudge against him, and he wished to murder him. Witness wrote to him, appearing to sanction the act he meditated, but really to gain time until he could write to two superior officers and ask them to discontinue the man from carrying out his purpose. The expression used in the letter was: "whoever is employed, do not let him use the pen we have been using."

Witness wrote to the two superior officers about the matter. He could not tell their names.

Witness said the dear friend to whom was addressed the letter in which the word "pen" appeared, was a man of honor, and he appealed to him to divulge his name.

IN THE COMMONS.

A Dowry Asked for a Young Royal Couple.

LONDON, July 2.—[By Cable and Associated Press.] In the Commons this evening the Speaker read a message from the Queen commanding the House to be present at an extra provision to Prince Albert Victor of Wales and Princess Victoria of Prussia, on the occasion of their marriage.

Lauchlin gave notice that he would oppose any vote of money for the Prince and Princess if they were proposed before a commission royal was appointed.

In the evening Sir James Ferguson, Parliamentary Secretary to the Foreign Office, in answer to an inquiry, stated that the new treaty between the United States and Japan, which was signed February 11, 1900. The Government, he said, would shortly begin negotiations with Japan with the object of securing for England equal privileges with all other countries.

In relation to the treaty agreed upon by the Samoan conference at Berlin he said it would not be proper to divulge any of its provisions until it had been ratified by the United States Senate.

It is reported that Parliament will be asked to grant Prince and Princess Victoria of Wales and fiancée of the Earl of Fife, an allowance of £2000 until she is married and after marriage an annual allowance of £1000. The details have been imparted to Gladstone, who will meet his fellow members tomorrow to discuss the question of the proposed grants.

AFFAIRS IN PERU.

Congress Wrestling with a Railway Problem.

NEW ORLEANS, July 2.—[By the Associated Press.] The Times-Democrat's Lima (Peru) special via Galveston, says: The extraordinary Congress which was convened April 18, and is about to expire, has refused to pass the bill for the extension of the Oroya Railroad which were brought forward by the Executive, Congress preferring to give preference to the Grace bondholders' contract, which already covers all repairs in addition to the original contract. Owing to the delay, the Government has decided to call an extraordinary Congress, which meets on the 6th of July to study and have ready for discussion said contract and repair proposals included. A large majority of the members in both houses are in favor of this course.

LONDON, July 2.—The Rome correspondent of the Chronicle says: "In receiving the Spanish Ambassador, the Pope alluded to his possible departure from Rome. Certain arrangements for his refuge in Spain have been completed."

Nuncio at Vienna had advised the Vatican that war is imminent.

SUNDAY-SCHOOL CONVENTION.

LONDON, July 2.—The World's Sunday-school Convention opened its sessions today. Nine hundred foreign delegates were present, including over 300 from the United States. After the address of welcome, Count Darnaud of Berlin and Rev. Dr. T. L. Cuylen of Brooklyn, N. Y., responded in behalf of the delegates from European and American continents.

At the afternoon session Mr. Bailey was elected president of the convention. A discussion was held on "Organized School Work," Messrs. Withron, Porter and Jacobs taking part in the debate.

FRENCH CABINET CRISIS.

PARIS, July 2.—The belief exists that a Cabinet crisis will result from the charge made by Cassagnac in the Chamber of Deputies on Saturday that Thevenot, Minister of Justice, had accepted of M. de Montigny in the Credit Mobilier frauds, for connection with which Meyer has been sent to prison. It is rumored that both Thevenot and Montigny, Minister of Finance, have determined to resign.

JOHN RUSKIN VERY ILL.

LONDON, July 2.—Lamont, the Glasgow critic and latinate friend of John Ruskin, has received a letter from Brantwood, Ruskin's residence, which says that Ruskin is so ill that there is no immediate prospect of his recovery.

THE FOURTH.

Complete Arrangements for Tomorrow's Celebration.

The Fourth of July Executive Committee met at the headquarters in the Union League rooms, No. 1475 West First street, last evening, with Mayor Haster as president, and a majority of the members present.

After some discussion it was finally agreed to have the fireworks display on Flower street, between Third and Fourth streets, as agreed upon by the Fireworks Committee.

There was considerable opposition to the location first, on the part of those who had not examined the ground, but when it was explained that it was accessible by three lines of street cars, as well as by carriages, the opposition was abandoned. The spectators would not be annoyed by the street cars, the objections were withdrawn. Besides all this, the natural lay of the ground is favorable, and, although it is a corner rehearsal, the place for the successful display that could have been secured in the city.

Capt. Barrett, the grand marshal, reported that he intended to have the largest ever held in the city. So far about 180 applications have been filed by merchants and others for places in the procession, and at least that number of wagons will be in line in the business division.

The 200 children who will take part in the chorus and the 43 young ladies who will represent the States in the procession, were instructed to meet at 10 o'clock at the headquarters of the parade. Programmes will be issued, and can be had on application to the secretary at headquarters.

All bands and drum corps were ordered to report at the headquarters, No. 1274 West First street, at 10 o'clock tomorrow morning, and aids and marshals will report at the same hour at the courthouse, on the Spring street side.

The handsome gold medal for the best decorated building is on exhibition in Fred Lind's window, and has been very generally admired.

Chief Burns has about completed his police arrangements for maintaining order, and will see that nothing is allowed that will interfere with the success of the occasion. Ten extra men have been put on for the Fourth, and the procession will be on duty during most of the day. The firing of bombs and fire-crackers will be forbidden during the passage of the procession through the streets, and yesterday the Chief issued the following proclamation:

By virtue of authority to me directed, no vehicles of any kind will be permitted to occupy any portion of the streets through which the procession will pass on the 4th day of July, 1889, except those in line of procession, after the hour of 10:30 a.m., until the procession shall have disbanded. Line of procession: On Main, from Fourth to Alameda; on Main and Spring to Sixth street; on F. B. BURNS, Chief of Police.

A Complaint from Boyle Heights. BOYLE HEIGHTS, July 1.—[To the Editor of THE TIMES.] A portion of this district rarely has a sight of a police officer after dark, and consequently the young hoodlums of the neighborhood have possession of the streets. Last evening, from the time of early church service they were out in strong force. One aspiring youngster exposed his aspiring ability by climbing the electric light pole, and they kept up their noisy bulance for hours. The neighbors think we are entitled to an occasional sight of our paid police even in our side streets. PUBLICOLA.

THE CITY IN BRIEF.

Yesterday Charles Caldwell was sentenced to one year at San Quentin by Judge McKinley for robbing Alfred Norman, the legless lover, convicted of shooting his rival through the wrist, paid a fine of \$150 yesterday.

A large number of needed public improvements will be brought before the West End Board of Trade at its regular meeting tonight.

There are undelivered telegrams at the Western Union Telegraph office for Chano Ramirez, Mrs. M. Coleman, B. R. Phillips, W. J. Smith and Christ Burns.

Peter Short was on trial yesterday, before Judge McKinley, on a charge of assault with intent to murder. The testimony was all in his favor and adjourned in the afternoon.

A little 4-year-old boy, who gave his name as Lecklebar, was run over by a bicycle at the corner of Third and Spring streets yesterday afternoon. The lad was not seriously hurt.

Estevan Soto, the man accused of shooting the Indian, Francisco Nejo, was examined before United States Commissioner Van Dyke yesterday and held to answer in bail of \$500. In default of the bail he went to jail.

Suit was begun yesterday by Allen J. Lawlin vs. Mary Alice Reuter et al. on a promissory note for \$1700. Suit was begun by P. Beaudry vs. E. Brunson and Ezra Fitch on an agreement for certain land. The judgment asked for is \$4500.

Tomorrow, July 4th, being a legal holiday, the money order, registry and postmaster's office will be closed all day. The stamp window, general delivery and carriers' windows will be open from 9 a.m. to 10:30 a.m. There will be no deliveries by the carriers.

Yesterday morning about 5 o'clock a man named Augustus Ayler fell down in a fit on Spring street, between First and Second. He was brought to the police station by Officer Woodward, where he received the necessary attention, and soon recovered, when he was sent home.

Williams, the dude confidence sharp, was taken into Justice Savage's court yesterday afternoon for examination on the charge of forgery. By stipulation of counsel, however, the case was continued until July 10th at 1:30 o'clock p.m. The judge said that this was the last continuance that would be granted.

The boys had a good deal of fun at the Wolfkill depot yesterday. A dead cat was secured at Santa Monica, carefully wrapped up in a newspaper and shipped up in a package and placed on one of the officers' desks. When he examined the package and discovered the joke, he passed it along, and most of the whole office was sold during the afternoon.

Marriage licenses were granted yesterday as follows: Edwin J. Ames, aged 27, and Anna P. Wright, aged 24, of Pasadena; Grant A. Brown, aged 34, and Gertrude Brannan, aged 21, of Pasadena; Byron A. Bridgman, aged 35, and Nettie E. Buckles, aged 18, of La Verne; Edward Kramer, aged 32, and Mary Mullemann, aged 21, of Fred A. Christ, aged 30, and Ida M. J. Whittier, aged 21, of Anaheim.

The regular weekly meeting of the Police Commission was held at the Mayor's office this afternoon, if a quorum can be got together, though it is hardly probable that any business of importance will be transacted. Mr. Lindley is absent in San Francisco, and Mayor Hays will be too busy attending for the Fourth of July celebration that he will not feel like spending much time on police business.

There was not a single arrival at the County Jail yesterday, and at 7 o'clock last evening there were but 98 prisoners in the tanks. Caldwell, the man convicted of grand larceny, was sent north yesterday. He had been acting as clerk, and his place has been filled by Wyman, or Burroughs, who takes to the work very naturally, and appears to have had some experience in clerical work. The fellow is beginning to show the effect of his confinement, but takes things as easy as the circumstances will permit. He still insists that he is not Burroughs, notwithstanding the positive proof against him.

The Destry vagrancy case was called before Judge Owens yesterday afternoon, and was continued until Thursday next at 2 o'clock, the judge not being ready to render his decision, as there were several points of law that he wanted to look into further. This is the case of the disreputable Frenchman who placed his wife in a house of prostitution in San Francisco, and afterward brought her here, where she now lives in one of the "cribs" in Chinatown. Destry also tried to induce his younger sister-in-law to enter upon a life of shame, for which he was soundly thrashed by the girl's father, who afterward swore out the complaint for vagrancy.
